## **Gear Expo 2015**

This year's Gear Expo located in Detroit was attended by Vison's Owner/Engineering Manager, Bob Aleksivich. The expo is a great place to see the latest and greatest technologies, services and companies that are serving the gear industry. This was a three day event hosted by AGMA with over 200 exhibitors. Attendees represent a large group of industries, including automotive, oil and gas, aerospace, off-road, agriculture and construction. Bob enjoyed classes including "Basics of Gearing" and "How to Specify a Gear System."

Vision continues to expand our knowledge in the gear industry. Please consider VISION if you have an application that requires Powder Metal. We would be happy to assist you!

Vision Quality Components wanted to motivate our employees to look and feel their very best this New Year. We had our own "Biggest Loser" contest for any employee that wanted to take the challenge. The Grand Prize winner (\$250.00) was Randy Farley. First runner up was Deb Hall (\$100.00) Success for both was eating right and staying consistent with exercise. Congratulations to both of you!
